It is emphasized that this MoU solely signifies an expression of interest to cooperate for the IBM SkillsBuild Project, and neither party shall assume any rights or obligations beyond the activities specified herein.

The IBM SkillsBuild aims to inculcate the requisite knowledge, experience, and skills amongst the students. As per the UGC Guidelines of December 2022, for Foster Social Responsibility and Community. In the context of Higher Education Institutions (HEIs) in India, there is a strong emphasis on integrating social responsibility and community engagement into their core mission and operations, as outlined in the Guidelines for Fostering Social Responsibility and Community Engagement in Higher Education Institutions in India 2.0. These guidelines advocate for making community engagement an integral part of graduation requirements, assessments, and performance evaluations. They also recommend various forms of community engagement, such as connecting learning with community service, linking research with local knowledge and knowledge sharing, and promoting knowledge mobilization. Furthermore, the guidelines propose that the performance assessments of teachers and administrators in HEIs should include an evaluation of their involvement in and contributions to community engagement through their teaching and research activities. It is suggested that criteria for community engagement and its significance should be clearly defined and weighted appropriately in assessments for recruitment, regular employment, and promotion of faculty and researchers. One of the major objectives of the SkillsBuild program offered by IBM and implemented by SRF FOUNDATION to facilitate colleges in achieving all of the above-desired goals.
